Eric Booth, Teacher

Collins High School Graduation Rate for SY 18-19

79.1%

Collins High School

School Goal 1: *Track student progress towards graduation through daily contact with a certified teacher.*

- Students are divided by grade level into homeroom groups that meet daily for twenty minutes.
- Teachers will serve as academic advisors during homeroom time.
- The administration, counselor, and teachers will collaborate to track student level data as it pertains to graduation requirements.

School Goal 2: *Increase the number of credits available to students prior to entering the 9th grade.*

- Partner with Carver Middle School to place more credit bearing classes in the 7th/8th grades.
- Implement the compacted courses at Carver Middle School to help students prepare for credit earning courses.
- Make MS Studies/World Geography available to all 8th graders during the 2018/2019 SY.

School Goal 3: *Increase exposure to College/Career opportunities and increase the number of students being admitted into post secondary programs.*

- Students will tour local colleges and universities.
- Students will visit the Career and Technical programs at Jones College.
- Provide students with opportunities to complete financial aid applications and attend virtual workshops with “Get 2 College”.
